

Ir James S.O. Chan

Chief Engineer/Kowloon East
Territory Development Department
Hong Kong Special Administrative Region Government, China

Ir James S O Chan is currently the Chief Engineer of the Kowloon Development Office, Territory Development Department responsible for developments in Kowloon East, including the mega South East Kowloon Development project to redevelop the former Hong Kong International Airport site. Since joining the Hong Kong Government in 1983, Mr Chan has been involved in a number of multi-disciplinary projects including West Kowloon Reclamation project, a key infrastructure element for commissioning the new Hong Kong International Airport in 1998. Prior to joining Government, Mr Chan had spent eight years with the Mass Transit Railway Corporation in Hong Kong on the design and construction of the Modified Initial System, Tsuen Wan Extension and the Island Line. Before that, Mr Chan spent two years with the Canadian National Railway involving mainly in the construction of railway tracks and related infrastructures.
