

ABSTRACT: Black Sea Coastal Dual Carriageway

This dual carriageway will traverse the East Black Sea Region of Turkey. This will be the most important and international linking route from Sinop-Samsun-Trabzon to Sarp Border Gate and through Georgia and Azerbaijan, Turk Republics and Caucasian Countries. Traffic volume is high on this road. Annual average daily traffic is 20 000-25 000 in some sections and 75 000 in Trabzon.

Up to now 140 km dual carriageway had been constructed and opened to traffic in 2000. The construction of the road is to be completed by the end of 2004.
